MAPEI SELF-LEVELING IN STOCK AT C&C WHOLESALE

C&C carries MAPEI Self-Leveling products and has had extraordinary success with these products. Please see the below information on two of Mapei's products:
Novoplan 2 Plus
Ultraplan M20 Plus

Ultraplan M20 Plus

Product Details

Ultraplan M20 is an HCT (High-hydrated Cement Technology) calcium-aluminate-based, quick-setting, self leveling, self-drying material

- Specifically formulated for the resurfacing and restoration of interior horizontal surfaces.
- Is a high compressive-strength underlayment with maximum resistance to wheel tracking and indentations.
- **M20 Plus** can be installed from 1/8 to 2"
- Suitable for use as a commercial wear topping in warehouse and alternate light industrial applications
- Pair with appropriate Mapei Primer
- Ideal for quick-turnaround leveling
 - Ceramic tile and natural stone can be installed in as little as 3 to 4 hours after application.
 - Floor covering carpet, vinyl sheets goods, vinyl tile, VCT, homogenous PVC, rubber, engineered wood plank, and polymer floor coatings and toppings can be installed 6 to 24 hours after application.

Novoplan 2 Plus

Product Details

Novoplan 2 is a high-strength, self-leveling cement-based underlayment and repair mix with a quicker curing time, for interior concrete and engineer-approved floors

- For leveling, smoothing and repairing interior floors **Novoplan 2 Plus** can be installed from 1/8" to 1"
- Ready to accept installation of ceramic tile and natural stone in 12 hours depending on environmental conditions.
- Other suitable floor coverings, see below, can be installed 24 hours after application depending on environmental conditions and application thickness
 - Carpet
 - Vinyl Sheet Goods
 - Vinyl Tile
 - Vinyl Composition Tile (VCT)
 - Homogenous PVC
 - Rubber and Engineered Wood Plank
- Pair with appropriate Mapei primer
Ideal self-leveling product to be used over gyp-crete in multifamily applications (must have two coats of Primer L, 3:1)
